

**Dear Yalich Clinic Physical Therapy Patients,**

After careful consideration in response to our unforeseen staffing issues, the physical therapy department of the Yalich Clinic will be temporarily closed as of close of business August 25, 2023.

As part of our commitment to you, the patient, we have a list of physical therapy centers in this area that are aware of our current situation and will welcome you as patients to their facility. Once you have selected one, we will forward any and all necessary documentation to make the transition as smooth as possible. You also have the freedom to choose another facility that may be more convenient.

We look forward to continuing to serve our valued patients when we are able to resume normal operations.

Please know that your continued care is of the utmost importance to us and your health. For a list of those location or if there are any questions, please feel free to reach out to me personally or JR, our practice administrator to help with your transition.

Dr. Alan Sokoloff
